STERN®

FOR A PEACEFUL LIFE IN THE OPEN AIR

As ambassadors for summer and leisure time, we are driven by a passion to make outdoor life more appealing for people. This is about personal well-being as well as social interaction in our society. As an independent, responsible and family-run global player in the outdoor industry, we pursue this vision together with our trading partners, suppliers and employees.

Company headquarter 1947, Ludwigsburg

PASSION FOR GARDEN FURNITURE

Looking back, this is a beautiful story of how a regional wholesaler and retailer of household goods became one of the leading manufacturers of outdoor furniture in 70 years. Udo Stern – the founder of STERN – began retailing a wide range of products in 1947 – including household items, ovens, stoves, mailboxes and bird cages. Basically, everything that people needed after the Second World War. With the emergence of a variety of specialized large-scale “green-field” distribution formats at the end of the 1960s, the STERN mixed-goods business came to an end and began focusing on garden furniture.

More than 50 years later, a lot has changed in the field of “garden lifestyle”. What has remained is a focus on design, quality and functionality. These are all characteristics of good products, which have always been the focus of STERN and will continue to be so.

2021

OUTDOOR LIVING SINCE 1947

70 YEARS OF PASSION FOR EXTRAORDINARY OUTDOOR FURNITURE

For almost 75 years, our team of more than 100 employees has worked together with various designers – with passion, creativity and know-how – to develop incomparable products. From the design process, through serial production, all the way to the presentation to our appr. 1,000 trading partners worldwide. We accompany every developmental steps of our products. Products which stand for extraordinary design, the garden as an outdoor living room, and your quality of life. We want to make you happy in your living environment with our furniture. In recent years, the significance of the garden as additional openair living space has clearly grown.

For this reason, at our company headquarters in Affalterbach near Stuttgart, well-trained and highly-motivated employees fulfil your wishes every day. With the help of our modern logistics and shipping centre on location, we are in a position to implement the fulfilment of these wishes promptly. Let yourself be inspired with unique outdoor furnishings from STERN.

A REWARDED BRAND

The brand STERN won the German Brand Award 2018. We are very proud to receive this recognition of excellence, it encourages us to continue pursuing the passion for furniture and outdoor living.

THE HEART OF STERN

Since 1972 we have been based in the idyllic village of Affalterbach, near Stuttgart. In addition to our administrative offices, this is also home for our highly efficient logistics and shipping centre, with its storage capacity of over 18,000 m² – including assembly and quality inspection. Also on the premises is our huge 1,200 m² showroom for our trading partners, which we extensively renovated in spring 2020.

PRODUCT PHILOSOPHY

WITH GREAT ATTENTION TO DETAIL

OUR AIM

Our goal is to make you happy with our products – and to do so as long as possible. So we produce only products of the finest quality. Beginning with the materials, continuing with the weaves, to the materials' coatings, right down to the smallest connecting element. Including product tests and final inspections. Moreover the transparent and sustainable use of resources plays a leading role at STERN. For a good feeling about protecting our environment. Look for FSC®-certified products. Sustainable.

OUR MATERIALS

All materials are 100 % suitable for outdoor use. Our spun dyed polyacrylic upholstery is dirt-repellent, UV-resistant and insensitive to microorganisms. To keep you dry, for example, we only use fast-drying foam for our outdoor fabric items.

You can find further properties and care instructions for all materials on our website www.stern-moebel.de. Suitable covers provide even more protection for a long product life time and the greatest possible pleasure with our furniture.

DESIGNER

SHAPING OUTDOOR LIVING

In cooperation with carefully selected designers and our product management we design unique products for the outdoor area. Thereby we focus on uniqueness and a sustainable realization.

DOSER + ZIMPRICH

In 2005 Yvonne Zimprich and Wolf Doser established their office for design in Trier. Their working environment encompasses the development of products and spatial concepts, with special regard to furniture design for the indoor and outdoor area. The challenge they set themselves when developing a concept is to reduce the product to its function and emotion. Thereby a consistent and honest design is as important as an economic realization. Numerous awards underline their work.

Asmbxl

Asmbxl is an owner-managed consulting company that supports customers and partners in the usability-optimized development of innovative products, services and interfaces in the field of industrial applications and uses. With a strong focus on user-relevant needs, we work with our customers and partners to develop sustainable user solutions and user experiences of high relevance, which strengthen the competitive position of our customers, help to secure it in the future and generate a positive impact.

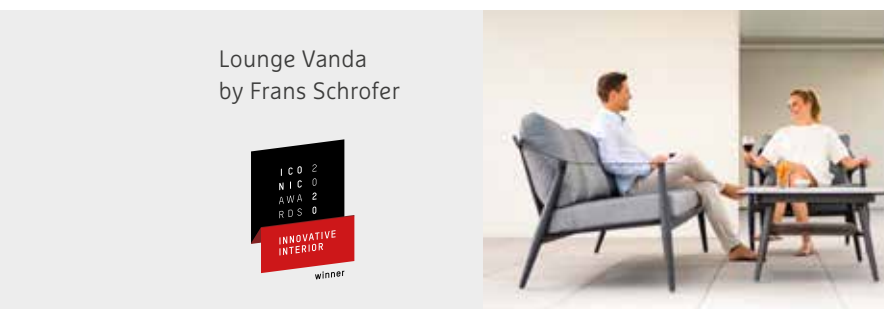

FRANS SCHROFER

Frans Schrofer comes from a creative family of artists, teachers, and designers spanning three generations. His early education in engineering created the foundation for his organically shaped designs. A graduate of the renowned Design Academy in Eindhoven, The Netherlands, Schrofer started his career in consumer packaging where he learned how to evoke emotion through form, texture, color and graphics.

EWALD WINKELBAUER

After his studies at the Fachhochschule für Gestaltung in Schwäbisch Gmünd Ewald Winkelbauer has worked for the design office Engel until 1990. Afterwards he establishes his own design office and has cooperated since then with well-known companies, what is confirmed by numerous awards. Since 1995 Ewald Winkelbauer has been designing for STERN®.

JÜRGEN SOHN

In the year 1994 Jürgen Sohn established his design studio. There he develops products, which reflect emotion and continuity. By having experiences in the design of products, graphics and industrial goods he works together with numerous companies. He has been designing for STERN® since 2009.

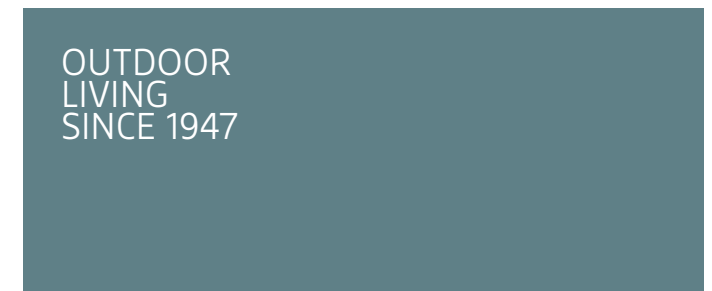

HANS WINKLER DESIGN

Hans Winkler, born in Würzburg in 1963, studied at the Fachakademie für Holztechnik und Gestaltung in Stuttgart after his training as a carpenter. Since 2000 Hans Winkler has been the owner of the design agency Hans Winkler Design. During his time at the agency, he and his team have not only been nominated for various international design awards, but are also in demand as a consultant and designer for serial furniture, shop and trade fair concepts and classic industrial design (mechanical engineering etc.).

RABADESIGN

Rainer Bachschmid was born in 1966 in southern Germany. Following his training as a carpenter he studied Industrial Design in Wuppertal. Subsequently he worked with a number of well-known design agencies before moving on to the Swiss furniture industry. In 2007 Rainer Bachschmid founded his own design studio. Since then he has been active in various areas including industrial- and consumer design, as well as furniture design. His first joint project with STERN® was in 2017.

STERN®

With longterm experience and an open eye on changing trends and materials, STERN® pursues the development of furniture. This means not only to focus on uniqueness, but also on a sustainable realization.

INDEX

When you buy a product bearing the brand name STERN you acquire furniture which stands for design, for the garden as an outdoor living room, and for quality of life.

The **PRODUCT PROGRAM** spans a wide spectrum from light aluminum furniture, to purist shapes in stainless steel, all the way to classical weaves and teakwood. Since the garden became more and more a living room outside the sortiment comprises furniture with a special outdoorfabric. These convince through the optics and haptics of indoor furniture as well as all features outdoor furniture need. A particular highlight in its versatility is represented by the original STERN Table System – it enables customised, individual combinations of diverse frames and table tops. Complementary features: for every chair and armchair model, matching textile accessories in various colours, plus protective coverings for individual armchairs, seating groups, lounges and sun umbrellas.

OUTDOORFABRIC

FOR LUXURIOUS COMFORT

FOR OUTDOOR USE

STERN outdoorfabric series play a key role in product development. Products with these high-quality fabrics, provided with a special PU coating and fast-drying foam, unite everything you could wish for outdoors – the look and feel of indoor furniture combined with the essential qualities for permanent outdoor use.

THE MATERIAL

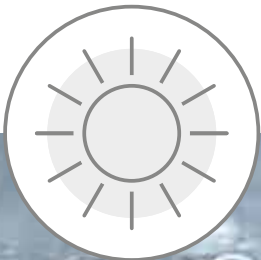

The PU coating on the inside of the fabric inhibits the infestation of bacteria and fungi and makes the surface of the fabric virtually waterproof. The use of swelling threads at the seams provides additional protection against moisture, as these swell after sewing. In case that some water penetrates the product, there is a fast-drying foam inside which allows the water to flow through easily and air to circulate. A coarse textile is sewn into the underside of the product, so that the water can flow out easily.

The body and cushions, with an interior made of fast drying foam, is combined with an especially soft outdoorfabric which makes the Marta series absolutely weatherproof. A practical plug-in solution on the bottom side of the modular elements enable an easy connection of the furniture. Combine the dark grey or light grey furniture of the Marta series with the green elements and you will get an exciting color accent.

ALUMINUM

EXCEPTIONALLY SUITED FOR OUTDOOR USE

Aluminum is exceptionally suited for the outdoor use, due to its characteristics. It offers high stability despite its low weight. In addition, aluminum is low-maintenance, weatherproof, heat-resistant, corrosion-resistant and recyclable.

This leisure sunlounger is characterised by uniqueness and an attractive design. Balance, as its name indicates, keeps body and soul in balance and enables sensational relaxation. With its main components of aluminum and textilen, it is not only highly flexible, but also on offer in a very modern contemporary colour range of graphite, anthracite, white or taupe. These features make Balance very popular for private use, or even for the contract area.

Modern flexibility in a balcony folding chair. Whether on a spacious terrace or a small inner-city balcony, with Nils one is completely flexible. It is not only modern in design but it can also be stored away with great space efficiency. This aluminum folding chair with textilen can be combined perfectly with a table from the STERN table system, and then easily put back outside year-round.

STAINLESS STEEL

COOL ELEGANCE

ARTUS VIP 206 – 207

Stainless steel is weather resistant, hygienic, stable and low maintenance. This chrome-nickel-steel alloy is particularly resistant to corrosion and is also used to manufacture the interior linings of washing machines, dishwashers and for high-quality cutlery and cookware, for example.

The unique construction of the legs takes up the principle of the gymnastic ball. This activates the abdominal and back muscles when leaning forwards or backwards. The pelvis is actively raised while sitting upright and the spine is brought into a natural posture.

Cardiff stands out with its plain, straight form which makes it a particularly beautiful and timeless product line. Made from high-quality, grade 304 stainless steel, the Cardiff series is particularly resistant to rust and as a result is very easy to care for. As well as this, Cardiff offers even more comfort in an upholstered version, therefore no additional seat cushions are necessary.

Cardiff displays clear and straight lines and makes this series beautiful and timeless. Stainless steel of the quality grade 304 ensures high resistance to corrosion, and is therefore very low-maintenance. With its silver grey textilén, the armchair can be combined perfectly with various tables, such as a modern STERN extension table.

WICKER

A UNIQUE PIECE OF WORK

BIG ANNY 248 – 249

Synthetic wicker made from polyethylene has all of the exceptional properties required for the outdoors. It is weatherproof (to -15°C), UV resistant, stable and low maintenance. Wicker furniture does not have to be treated or painted. The material is also completely recyclable.

Please note that wicker products are unique items that can never appear exactly identical due to the high proportion of manual work involved. Color deviations due to different batches are also possible.

FONTANA

MODULAR LIVING

DESIGN: STERN®

MATERIAL: WICKER

The popular Fontana series conquers the Modular Living theme. Choose the body parts in the colour of your choice and decide whether you prefer a lounge or dining lounge to a dining table. In both cases you can choose between four aluminum bases or a stainless steel frame. For relaxing moments outdoors.

CREATE YOUR OWN CUSTOMISED LOUNGE AND COMBINE IT WITH A FRAME OF YOUR CHOICE IN ONLY TWO STEPS.

WOOD

WONDERFUL NATURAL PRODUCT

Teak wood is very robust and weather-resistant and convinces with its high strength and hardness. It hardly deforms even in changing climates and is comparable to oak wood. Due to the oils stored in the teak, the wood is already well protected and has a very long durability.

Due to the natural variations in the wood, each product and finish may vary slightly.

TEAK AND DEKTON

DESIGN: STERN®

MATERIAL: TEAK – DEKTON

page 370

TEAK

- + MACHINE MADE
- + EXTRA WIDE STRIPES
- + UNIQUE LOOK
- + NATURAL PRODUCT

Teak and Dekton are proven materials from the original STERN Table system. Teak enjoys particular popularity due to its warm character. Dekton is considered exceptionally high quality and elegant, thanks to the fine and smooth feel.

TEAK FSC®-certified, untreated

80 x 80 x 2,2	(PU 1)	No. 100205	259,00 €
90 x 90 x 2,2	(PU 1)	No. 100212	299,00 €

DEKTON

- + VERY HIGH SCRATCH RESISTANCE
- + HIGH UV-RESISTANCE
- + HIGH FROST-RESISTANCE
- + HIGH COLOUR FASTNESS
- + VERY HIGH ABRASION RESISTANCE
- + HIGH STAIN RESISTANCE
- + VERY HIGH DIMENSIONAL STABILITY
- + MAXIMAL HEAT AND COLD RESISTANCE
- + EASY CARE AND HYGIENIC
- + FIBERGLASS REINFORCEMENT
- + TABLE TOP THICKNESS 8 MM

DID YOU KNOW?

This product is composed of more than 20 natural minerals. The highly developed raw materials used in the production are also used in the manufacture of quartz, glass and ceramics. In a new technological process, Dekton reproduces in a few hours what nature needs thousands of years for. The fibreglass reinforcement provides additional stability and makes your table top an unique outdoor product.

TABLE TOPS

SILVERSTAR 2.0

DESIGN: STERN®

MATERIAL: SILVERSTAR 2.0

page 370

Silverstar 2.0 is a plate design combined with a unique feel. The bevelled edge gives the plate a lighter, floating appearance and minimizes the visibility of the dark plate core without altering the positive usage properties. In order to maintain the stability of the plate, it must always be mounted onto the table.

TABLE FRAMES

DIFFERENT MATERIALS, SIZES AND COLOURS

DESIGN: STERN®

MATERIAL: ALUMINUM – STAINLESS STEEL

Choose your preferred table frame for your individual table.
In the aluminum series one can choose between five different colours and in the stainless steel series, between three different types of legs. Every option is available in different sizes.

SKID TABLES

MAXIMAL SPACE AT THE CORNERS

DESIGN: STERN®

MATERIAL: ALUMINUM/STAINLESS STEEL – SILVERSTAR 2.0

page 370

The practical stainless steel base frame is perfect for dining lounges. The inwardly positioned feet enable the use of all sides of the table. Even the corner of the lounge can easily be used as a seating place. And the modern skid feet emphasise the elegance of this group.

EXTENSION TABLE SYSTEM

TWO MECHANISMS – ONE PURPOSE

DESIGN: STERN®

MATERIAL: ALUMINUM – SILVERSTAR 2.0

page 370

Pull-out
with butterfly
technology

EXTENSION TABLE ALUMINUM

rectangular tube 10 x 4 cm
table bottom edge 68 cm

200 (260) x 90 x 75 cm

The table can be extended by folding out a divided panel which is mounted on a rail connected to the table. This extension can be found on the front side.

The Select extension tables differ from the standard extension tables by the extension mechanism. The Select extension table is extendable with the butterfly technique and the standard 160(210) x 90 with an additional insert plate.

EXTENSION TABLE ALUMINUM OR STAINLESS STEEL

square tube 7 x 7 cm
table bottom edge 65,5 cm

174 (214/254) x 90 x 75 cm

The table can be extended by inserting
two separate panels on the front side.

Choose between a stainless steel or aluminum table frame for
your extendable table and add a Silverstar table top! Extension
tables of the standard range have the visible frame on the top
side, which emphasises the connection to the matching armchair
even more.

ALLROUND

THE SIDE TABLE

DESIGN: STERN®

MATERIAL: ALUMINUM – STAINLESS STEEL – SILVERSTAR

page 370

The side table Allround in aluminum or stainless steel is available with the wide variety of decors of the popular table top Silverstar. In the four colours of the STERN World of Colour – anthracite, graphite, taupe and white – one also has flexibility in the choice of a frame, so that the side table truly earns its name: Allround.

TRAYS

HOST FROM THE HEART

DESIGN: STERN®

MATERIAL: TEAK – DEKTON

Dekton is a particularly stable material, which convinces with its very high dimensional stability, high scratch resistance and abrasion resistance. Dekton is very easy to clean, hygienic and is also very popular as a table top in the STERN range. With a teak frame it gives a stylish look on the table or buffet.

LIVING FLAIR IN EVERY DETAIL

DESIGN: STERN®

MATERIAL: SYNTHETIC FIBRE
(POLYETHYLENE, COATED WITH 100 % POLYPROPYLENE)

The round carpets for outside made of a special synthetic fibre create a unique special living flair. In the classic colours light grey and slate grey, they match any colour of frame or cushion from the STERN range.

HOMELY STYLE

DESIGN: STERN®

MATERIAL: TEXTILEN

STERN outdoor carpets are made of 100 % polypropylene. This material's typical properties ensure STERN outdoor carpets are highly weather and UV-resistant, and dry quickly. Because they are hand-made, veining and unevenness are natural characteristics of this product, and create an unmistakable charm and a welcoming look and feel.

PROTECTIVE COVERS

FOR LONG LASTING JOY

DESIGN: STERN®

MATERIAL: POLYESTER

STERN protective covers are made of 160 g/m² polyester and furnished with a special PU coating. They have an 800 mm² water column and are water-repellent and machine-washable. Since a breathable material was chosen, there is no risk of mould formation, which is likely with totally waterproof covers. Depending on the model, the covers are fixed with ties, elastic bands with hook-and-loop-fastener.
